Dear Mr Surman

**SELF ASSESSED QUALITY ASSURED SUPPLIER STATUS**

I refer to your application for continued registration as a Queensland Government Self-Assessed Quality Assured Supplier.

I am pleased to advise that your application has been reviewed and accepted. Your organisation will continue to be listed in the Queensland Government Register of Quality Assured Suppliers, at no cost.

Based on your declaration of self-assessment, this Letter of Recognition acknowledges that **Teldaco Pty Ltd** has implemented a quality management system to the **AS/NZS ISO 9001:2008** Standard, at **Taylor Street, Bowen Hills**.

**Recognition is site specific** subject to you maintaining your quality management system. It is a condition of registration that you advise this office of any changes in senior management, business address, and any significant changes to operational processes within the organisation.

A copy of this letter may be produced when you offer to supply to Government agencies.

For contracts where Quality Assurance has been specified, purchasing agencies may require verification of your quality management system through a successful audit before awarding a contract.

Your registration as a Self-Assessed Quality Assured Supplier remains **valid until 12 October 2010**.

I trust your organisation will continue to benefit from the results of the work you have put into implementing your system.

Yours faithfully
